

COOL AIR™ RENTALS LTD

AIR COOLED PORTABLE

1.25 TON

This purpose built unit is ideally suited to cool people. It is most effective when used to cool actors in prosthetic suits. It can also be used to cool pop-up tents on location. The flexible snozzle kit allows direct delivery of cool air.

Features:

- Large air-filled tires allow this unit to be rolled over uneven ground
- Lifting handles help facilitate loading this unit into your locations van
- Uses readily available 115 volt power
- Dual cold air supply ducts

Applications:

- Spot Cooling
- Tents
- Emergency Cooling
- Standby Cooling Applications

This pop-up tent required cooling while it was located on this sweltering back lot.

A prosthetic clad actor utilized this pop-up tent to seek refuge from hot studio lights and enjoy the clean cool air delivered by this specialized unit.

Cooled air quietly filled this tent, much to the relief of the executives and producers who used it to get relief from the blazing summer sun.

REAL COOL. REAL FAST.
