

COOL AIR™ RENTALS LTD

AIR COOLED PORTABLE

1 TON

This unit is ideally suited for small server room applications. It works great as a back-up cooling unit.

Features:

- Simply rolls into place
- Uses convenient 115 volt power
- Condensate can be collected or pumped into a drain
- Reliable and effective
- Auto restart after power failure

Applications:

- Server Room Cooling
- Telephone Equipment Rooms
- Office Area Cooling
- Network Operation Centres

This electrical transformer space benefited from portable air conditioning units when the dedicated cooling failed.

These units can be effective in spot cooling large office spaces because they can be plugged in almost anywhere.

When your building A/C fails or simply can't keep up, these portable units are a viable solution.

REAL COOL. REAL FAST.

AIR COOLED PORTABLE 1 TON (ACP1V11)
