

COOL AIR™ HEAT

ELECTRIC FURNACE - VERTICAL

19 / 25 kW

These single phase portable furnaces are ideal for construction applications. They are great for providing primary heat to assist in drying buildings or helping to make indoor conditions in temporary spaces comfortable.

Features:

- Completely portable, sets up in seconds
- Dry, safe and quiet
- No hazardous exhaust or re-fueling problems
- Warm air is ductable up to 50' or supplied straight from the louvered plenum shown here

Applications:

- Construction Sites
- Warehouses
- Retail Stores
- Special Events - Festivals

This construction shop benefited from the additional heat that this furnace provided.

This large film studio was too large to completely heat but the set area was kept comfortably warm.

Guests in this temporary structure were warm and dry for this gala dinner event.

HEAT...IN A HURRY
