RENTALS LTD

AIR COOLED INDUSTRIAL PORTABLE

6.5 TON

This 6.5 ton is in the mid range of our location cooling units. These units are ideally suited to cool houses or small commercial buildings. They sit outside the set piece and blow clean cool air up to 75' away.

Features:

- Completely configured for the film industry
- Largest unit that fits into a 1 ton step van
- Large air-filled tires allow this unit to be rolled over uneven ground
- Requires 208 volt three phase power

Applications:

- Film Locations
- Temporary Structures
- Tents
- Planned Maintenance Shut-downs

This film location greatly benefited from this portable air conditioning unit that kept things on set "Real Cool".

This office lobby had its dedicated cooling shutdown for sound concerns during filming. This unit took over the situation and held heat levels in check.

This unit was installed just outside the tent on a festival site. The customers and merchant benefited by being able to conduct business in cool, comfortable conditions.

REAL COOL. REAL FAST.
