

COOL AIR™ RENTALS LTD

AIR COOLED PORTABLES

0.5 TO 5 TONS

These portable air conditioners are the ideal solution for all kinds of short and long term spot cooling problems. Ease of movement and great cooling technology create an adaptable unit for server rooms, office spaces, and beyond.

Features:

- Premium units feature enhanced fan control which enables a balance between sound and performance
- Completely portable, sets up in seconds
- Auto restart after power failure

Applications:

- Server Room Cooling
- After Hours Cooling
- Spot Cooling
- HVAC Retrofits and System Upgrades

When this office lost its cooling, this portable was able to return things to normal.

Serious cooling applications require our largest portable units. We have an entire fleet ready to roll.

Equally effective in a server room or retail space, these premium portables deliver cooling at reduced noise levels.

REAL COOL. REAL FAST.

ROLL IN

Good quality casters and compact size make locating these units a breeze.

PLUG IN

These units vent the heat laden air into the ceiling space above the room.

TURN ON

An easy to use thermostat allows for complete temperature control.

We also rent industrial air conditioning units, fans, air movers, and industrial strength heating units. Visit www.cool-air.com for our full line of rental equipment.
