

COOL AIR™
RENTALS LTD

WATER COOLED INDUSTRIAL PORTABLE

23 TON

These monsters pack plenty of cooling punch in a relatively compact box. Coupled with a 30 ton unit they make a formidable team that will run on a 200 amp switch. Pushing frosty air out of 2 - 20" diameter ducts, you'll be able to cool most spaces imaginable.

Features:

- Completely film set ready
- Simple learning curve for location staff to master operation
- Requires 208 volt 3 phase power

Applications:

- Film Studios
- Industrial Plants
- Electrical Vaults
- HVAC Retrofits and System Upgrades

This production had a large amount of lights on their film set. By setting the units to one side and ducting the air to key areas we were able to achieve effective cooling.

Whether we space the units out or cluster them in close proximity, our yellow industrial duct is perfect for delivering air to every corner of these sound stages. This group of four units kept the set feeling comfortably cool.

The requirements of this event dictated that the units be located a distance from the stage. Our back of house location meant that, while long, the duct runs needed to remain effective.

REAL COOL. REAL FAST.

WATER COOLED INDUSTRIAL PORTABLE 23 TON (WCI23V23)

COOLING		PHYSICAL	
Medium	Water	Controls	Push Button, Remote Control,
Capacity	270,000 Btu's	Evaporator Air Flow	9200 CFM
Capacity	23 tons	Supply Air Duct	2 x 20"
Capacity	Approx. 9200 Sq. ft.	Condensate Collection	Pumped with Back-up
ELECTRICAL		Water Consumption	12 Gallons per Minute
Voltage	208	Water Connection	1 1/4" Camlock
Phase	Three	Filter Type	Box Style AP 7
Breaker Size	100 Amps	Filter Size	6 - 24" x 24" x 2"
Current Draw	85 Amps	Caster Type	8" Nylon
Plug	Cam-Lok	Dimensions - Width	43"
Power Cord Length	3'	Dimensions - Depth	94"
Power Cord Wire Size	#2 AWG Single Conductor	Dimensions - Height	94"
		Dim. - Height w/ Plenum	111"
		Weight	2362 lbs

ROLL IN

Heavy duty casters with nylon wheels allow for easy mobility.

PLUG IN

Large flexible duct runs carry frosty air to wherever it's needed.

TURN ON

Simple push button control allows for instant on/off. Or use the remote cable to control from a distance.

We also rent portable air conditioning units, fans, air movers, and industrial strength heating units. Visit www.cool-air.com for our full line of rental equipment.
