

## WATER COOLED PORTABLE

1.5 TON

Excellent for emergency cooling applications, this unit is ideal where venting the hot air from an air cooled unit is a problem. It has the largest cooling capacity in 115 volt power.

### Features:

- Compact design
- Cool air where you want it quickly
- Powerful and reliable
- The versatile cooling answer
- Auto restart after power failure

### Applications:

- Server Room Cooling
- Classrooms
- Laboratories
- Restaurants

An undersized cooling system meant that this lab was uncomfortable in the summer. The supplemental boost provided by this unit ensured both heat and humidity were held in check. By properly managing the indoor air conditions, efficiency and productivity can match expectations.

This large lecture hall at UBC benefited from having two small portables installed to control the heat and humidity.

For emergency applications, where the temporary cooling absolutely has to be running immediately, these plug-in units are the perfect fit.

REAL COOL. REAL FAST.

## WATER COOLED PORTABLE 1.5 TON (WCP1.5V11)

COOLING		PHYSICAL	
Medium	Water	Controls	Thermostat with Auto Restart
Capacity	18,840 Btu's	Evaporator Air Flow	600 CFM
Capacity	1.5 tons	Condensate Collection	15' Head Pump
Capacity	Approx. 500 Sq. ft.	Water Consumption	1 Gallon per Minute
ELECTRICAL		Water Connection	3/8" MF
Voltage	115	Filter Type	White Synthetic Media
Phase	Single	Filter Size	20" x 16"
Breaker Size	15 Amps	Caster Type	3" Nylon
Current Draw	12.5 Amps	Dimensions - Width	25"
Plug	NEMA 5-15P	Dimensions - Depth	14"
Power Cord Length	9'6"	Dimensions - Height	39"
Power Cord Wire Size	14 Gauge	Weight	148 lbs
		Shipping Weight	198 lbs

### ROLL IN

Good quality casters and compact size make locating these units a breeze.

### PLUG IN

These units require a connection to a water supply and drain.

### TURN ON

An easy to use thermostat allows for complete temperature control.

We also rent industrial air conditioning units, fans, air movers, and industrial strength heating units. Visit [www.cool-air.com](http://www.cool-air.com) for our full line of rental equipment.
