

COOL AIR™
RENTALS LTD

WATER COOLED PORTABLE

1 TON

This powerful, effective portable cooling unit is ideal where venting the hot air from an air cooled unit is a problem.

Features:

- Compact design
- Great for small server rooms
- Can be hooked up to a kitchen or bathroom sink
- Uses convenient 115 volt power
- Auto restart after power failure

Applications:

- Server Room Cooling
- Telephone Equipment Rooms
- Office Area Cooling
- Network Operation Centres

This classroom was too hot and humid making students uncomfortable. Installing a portable provided an excellent solution to this cooling problem.

These portables are very compact but they pack a large cooling punch. They are excellent for areas where venting is not an option.

A good example of how spot cooling can be effective, this commercial laundry created a cool zone where the staff was able to work comfortably.

REAL COOL. REAL FAST.

WATER COOLED PORTABLE 1 TON (WCP1V11)
