

COOL AIR™ HEAT

HEALTH CARE HEATING

ELECTRIC FURNACES

Temperature control in health care facilities can be especially important. By supplementing the existing system or replacing it while repairs are being done, a safe and comfortable environment can be maintained.

Easy thermostatic control enables quick adjustment for comfort level.

Simple, cost-effective, reliable.

One call is all it takes.

Features:

- Completely portable, sets up in minutes
- Dry, safe and quiet
- Warm air is ductable on most units
- Multiple voltage and kW strengths available

HEF9H21

Staff lunch rooms and public cafeterias can quickly become uncomfortable without the assistance of these electric heaters. Simply roll in, plug in, turn on.

HEF18H23

Lab areas can be especially sensitive to fluctuations in temperature. This 18kW unit was the perfect solution to maintain stability in the area.

HEF27V23

These electric furnaces are ideal for enclosed spaces where the unit must sit inside the space being heated. Safe, dry heat means that there is zero concern of toxic fumes.

HEAT...IN A HURRY
