

COOL AIR™ RENTALS LTD

AIR COOLED INDUSTRIAL PORTABLE

10 TON

This large scale unit adapts well to industrial cooling challenges. It has the strength to deliver frosty air up to 100' away. Weatherproof construction allows this unit to remain outside even in the foulest weather.

Features:

- Heavy duty casters make movement a breeze - simply roll in
- Operation is simple with a remotely located push-button or thermostat control
- Requires 208 volt three phase power

Applications:

- Emergency Cooling
- Temporary Structures
- Electrical Vaults
- Film Locations

When access to a door or other opening is available, this unit is an ideal option to cool a server room or telecom space.

Large scale location cooling projects are well served by this unit. Large enough to deliver the cooling punch required but small enough to be moved by hand when the need arises.

This is the ideal unit for temporary structures up to 4000 sq ft. It can be positioned anywhere and still effectively provide adequate cooling. Simple controls and ease of set up make this a very user friendly unit.

REAL COOL. REAL FAST.

AIR COOLED INDUSTRIAL PORTABLE 10 TON (ACI10H23)

COOLING		PHYSICAL	
Medium	Air	Controls	Push Button, Thermostat
Capacity	120,000 BTU	Evaporator Air Flow	4000 CFM
