

**COOL AIR™**  
RENTALS LTD

## AIR COOLED INDUSTRIAL PORTABLE

**12 TON** narrow

Our most versatile unit. This air cooled workhorse can fit through most commercial doorways. Ductable condenser air allows the unit to be positioned virtually anywhere. Slim, powerful and quiet makes for a very effective package.

### Features:

- Heavy duty casters make movement a breeze - simply roll in
- Operation is simple with a remotely located push-button or thermostat control
- Requires 208 volt three phase power

### Applications:

- Emergency Cooling
- Temporary Structures
- Electrical Vaults
- Film Locations

Supply and return air capabilities of up to 100' as well as a combined condenser air capacity of 100' allows this unit to be positioned pretty much anywhere. Operate the unit from simple on/off controls or run a wired remote thermostat to enable pin-point temperature control.

Large scale location cooling projects are well served by this unit. Large enough to deliver the cooling punch required but small enough to be moved by hand when the need arises.

This is the ideal unit for when cooling is required at multiple locations throughout the day. It can be positioned anywhere and effectively provide adequate cooling. Simple controls and ease of set up make this a very user friendly unit.

**REAL COOL. REAL FAST.**

# AIR COOLED INDUSTRIAL PORTABLE

## 12 TON narrow (ACI12H23N)

COOLING		PHYSICAL	
Medium	Air	Controls	ON/OFF or remote thermostat
Capacity	144,000 BTU	Evaporator Air Flow	4800 CFM
