

COOL AIR™ RENTALS LTD

AIR COOLED INDUSTRIAL PORTABLE

3 TON

This is a very popular film industry unit. Simple set-up and operation make this a good choice when looking for a location-friendly portable. Two people can easily load/unload this unit into a location department van.

Features:

- Waterproof construction ensures trouble free operation
- Lightweight yet durable flex ducting delivers cool air where you need it - now
- Instant on/instant off controls make this unit simple to operate
- Equipped with Cam-Lok plugs

Applications:

- Film Sets
- Temporary Structures
- Special Events - Festivals

The tent that this 3 ton unit cooled provided a welcome refuge from a hot set and an even hotter parking area. Disregard the fact that our technician is wearing a fleece. Trust us, it was hot.

This air cooled package was the perfect fit for this film location. A large amount of cooling was needed from this 25 ton unit to handle the entire building and this 3 ton was ideal for spot cooling cast and crew.

An excellent unit specially constructed for use by the locations department. These 3 ton units fit almost anywhere and their weatherproof construction stands up to the elements.

REAL COOL. REAL FAST.

AIR COOLED INDUSTRIAL PORTABLE 3 TON (ACI3H21)
