AIR COOLED INDUSTRIAL PORTABLE

4 TON HRZ

This specially constructed unit is meant for cooling areas where the unit can be located right up against a tent, dimmer shack or portable building.

Features:

- Waterproof construction ensures trouble-free exterior use
- Instant on/instant off controls make this unit simple to control
- Quiet, reliable and powerful
- Requires 208/230 volt single phase power

Applications:

- Film Sets
- Temporary Structures
- Tents
- Electrical Vaults

Solid performer in rugged conditions that demand continuous reliable performance. Just plug these units in, hook up the duct, and turn them on.

These temporary dimmer shacks are used to store lighting control mechanisms for the movie industry. They build up a tremendous amount of heat and require cooling to maintain operation. These 4 ton units are ideal for this application.

This durable unit is designed and constructed to withstand the demands of being mobile and being subjected to exterior environments.

REAL COOL. REAL FAST.
