AIR COOLED PORTABLE

1 TON CLASSROOM

This is the ideal unit for cooling classrooms or conference rooms. It provides cooling to the space while keeping noise to a minimum since the condensing unit is hung in the ceiling space above the room being cooled.

Features:

- Extremely quiet operation
- Uses convenient 115 volt power
- Completely portable, sets up in seconds

Applications:

- Classrooms
- Meeting/Conference Room Cooling
- Office Area Cooling
- Network Operation Centres

This 1 ton unit is loaded with features that make it the perfect classroom fit; quiet, reliable, compact, and powerful.

The condensing unit is suspended in the ceiling space above the room. Heat from the room is shifted into this void while the cooled and dehumidified air is circulated throughout the classroom.

These classroom units are also perfect for other noise sensitive areas like this editing suite. The small size made it a perfect fit.

REAL COOL. REAL FAST.
