

COOL AIR™ HEAT

ELECTRIC FURNACE - HORIZONTAL

60 kW

This industrial portable furnace is ideal for large scale heating applications. It packs the big time heating punch that you are after. It is perfect for locations such as tents and other temporary structures.

Features:

- Multiple kW range settings (60, 40, 20)
- Dry, safe and quiet
- No hazardous exhaust or troublesome re-fueling problems
- Ductable up to 50'

Applications:

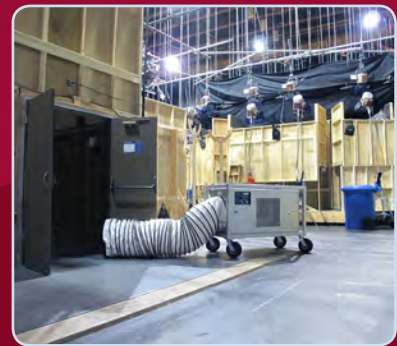

- Temporary Structures
- Warehouses
- Construction Sites
- Manufacturing Areas

This newly built community arena needed urgent temporary heating for the Olympics. Two of these units raised the temperature of the air to acceptable levels.

These units are perfect for construction sites. With zero concern over hazardous fumes and refueling costs and time, a more efficient and safe workplace can be obtained.

Sound stages can be difficult or expensive to adequately heat. Using this electric furnace enabled this production to provide heat where it was needed most.

HEAT...IN A HURRY

FURNACE

60 kW (HEF60H63)

HEATING		PHYSICAL	
Medium	Electrical Resistant	Controls	Thermostat, 60 / 40 / 20 kW
