

COOL AIR™ RENTALS LTD

HURRICANE AIR MOVER

12,000 CFM

This multi-purpose industrial air mover can tackle any ventilation situation. When you need to move serious amounts of air, this is the unit to go to. Industrial flex duct easily attaches and adds versatility.

Features:

- Can push or pull air into or out of a space
- Variable frequency drive allows for pinpoint CFM
- Can be remotely activated from up to 200' away

Applications:

- Special Events - Festivals
- Film Studios/Sets
- Film Locations
- Construction Sites

Air changes are necessary in enclosed spaces especially when there are a large number of people for a special event. This air mover brought in fresh evening air to keep the guests comfortable.

In situations where locating a unit inside the building is impractical, this unit is the perfect fit. Able to be ducted, this unit can push fresh air straight into a building. Especially effective on cold days when it is hot inside and the blast of clean, cold air is a welcome relief.

This air mover is ideal for moving large amounts of air into or out of a set. Clearing special effects smoke from a film set is just one of many uses for this unit.

REAL COOL. REAL FAST.

HURRICANE AIR MOVER

12,000 CFM (FVH12V23)

VENTILATION		PHYSICAL
