DESICCANT DEHUMIDIFIER - 600 SCFM

DED600

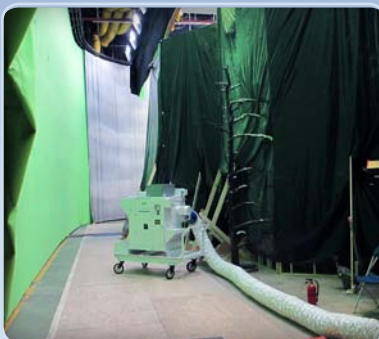

For severe flooding mishaps or humidity management, this dehumidifier unit is powerful enough to handle the job yet mobile enough to easily roll in wherever you need it to go.

Features:

- Strong drying capability
- Portable for easy placement and movement.
- Requires 208 volt three phase power

Applications:

- Film Studios (Pool Scenes)
- Restoration Projects
- Electrical Vaults

When damp weather threatens to interfere with a large-scale painting project (as in the case of this film set being built on a tight schedule), our dehumidifiers can be deployed to mitigate moisture in the air.

This unit was used by a film production company shooting an indoor pool scene. It's mandatory to manage the humidity level for the good of the building, cast and crew.

Suffering from a leaking roof after heavy rainfall, this customer coupled a dehumidifier with fans to dry out a large warehouse, helping them get back on schedule quickly without lost time.

REAL COOL. REAL FAST.

DESICCANT DEHUMIDIFIER

600 SCFM (DED600)

DEHUMIDIFICATION		PHYSICAL	
Capacity	600 SCFM	Controls	Local ON/OFF
Capacity - Moisture removal at 75°F 50% RH	16 lbs/hr	Process Air Blower	600 CFM
		Process Air Duct	8" dia
		Process Air Inlet	20" x 9 1/2"
ELECTRICAL		Re-Activation Air Duct	6"
Voltage	208	Re-Activation Air Inlet	13 1/2" x 12 1/2"
Phase	Three	Process Air Filter	Washable EZ kleen
Breaker Size	60 Amps	Filter Size	22" x 10"
Current Draw	28.7 Amps	Filter Size	14 1/2" x 16 1/4"
Plug	Cam-Lok	Re-Activation Heater	13.5 kW
Power Cord Length	1'	Caster Type	8" Nylon
Power Cord Wire Size	#2 C-Way or convertible to 6/4 Cab Tire	Dimensions - Width	63" 161 cm
		Dimensions - Depth	34" 87 cm
		Dimensions - Height	69" 176 cm
		Height - Frame Only	60" 153 cm
		Weight	750 lbs 340 kg

Heavy duty casters and good mobility make locating these units a breeze.

The warm re-activation air is easily ducted out of the space.

ON/OFF switch control allows for easy operation.

We also rent industrial and portable air conditioning units, fans, and industrial strength heating units. Visit www.cool-air.com for our full line of rental equipment.
