

# COOL AIR™ RENTALS LTD

## AIR COOLED INDUSTRIAL PORTABLE 1.25 TON SUPER COOLER

This purpose built unit is ideally suited to cool people and particularly effective in cooling actors in prosthetic suits. Rugged construction allows this unit to be used anywhere from studios to locations. Multiple duct options from the snozzle kit ensure pinpoint air delivery.

### Features:

- Large air-filled tires make rolling this unit over uneven ground very simple.
- Lifting handles help facilitate loading this unit into your locations van.
- Uses readily available 115 volt power.
- Up to 6 cold air supply nozzles.

### Applications:

- Spot Cooling
- Tents
- Emergency Cooling
- Standby Cooling Applications

A specialized projector was located in the truss area of this Film Stage so that images could be projected down to the studio floor. The projector generated a lot of heat and if subject to high operating temperatures it would shut off. Our Super Cooler was hoisted into place to pump conditioned air in to the cabinet and keep it operational. The aluminum frame allowed the Riggers to easily secure this unit in place.

A prosthetic clad actor utilized this pop-up tent to seek refuge from hot studio lights and enjoy the relief from the clean, cool air delivered by this specialized unit. Multiple air delivery options mean we can adapt this unit to whatever configuration you are looking for.

This is the ideal unit for supplying conditioned air into pop-up tents. As quickly and these tents go up, locations crew can roll in and set up this versatile unit. When the DOP or Director needs that private space and it needs to be done now, this is the perfect asset to have available. Plugging into convenient 115 volt power, cooling couldn't be any easier.

**REAL COOL. REAL FAST.**

# AIR COOLED INDUSTRIAL PORTABLE 1.25 TON SUPER COOLER (AC1.25V11SC)

COOLING		PHYSICAL	
Medium	Air	Controls	Thermostat
Capacity	13,500 BTU	Evaporator Air Flow	400 CFM
