

COOL AIR™ HEAT

INDIRECT - DIESEL FIRED

185 kW

If you need major heat, then this is the equipment for you. Running on diesel fuel, they are well-suited for heating construction projects or temporary structures. Waste gases can easily be ducted to the outside if the unit needs to sit inside.

Features:

- Stainless steel frame on galvanized chassis with forklift slots and lifting hooks
- 91% efficient, a quiet large scale heating package

Applications:

- Temporary Structures
- Industrial Plants
- Construction Sites
- Film Locations

When a large amount of heat is needed, this is the unit to turn to. Cast and crew were kept comfortably warm in cold, wet conditions thanks to this powerful unit.

Flexible ducting was connected to fittings on this inflatable structure. Warm air was delivered inside to make sure guests were comfortable in the height of winter. Heaters of Olympic proportions are what Cool Air is all about.

This community centre was able to maintain warm and dry conditions ensuring the construction schedule was kept on track and the project on budget.

HEAT...IN A HURRY

INDIRECT - DIESEL FIRED 185 kW (HOF185H21 & HOF185H23)

HEATING		185 kW		PHYSICAL		185 kW	
Fuel Type	Diesel			Controls	Remote Thermostat		
Capacity - Input	700,000 BTU			Supply Air Flow	6500 CFM		
Capacity - Output	632,000 BTU			Flexible Ducting - Supply	1 x 24"		
Capacity	185 kW			Flexible Ducting - Supply	up to 100'		
				Flexible Ducting - Return	1 x 24"		
				Flexible Ducting - Return	up to 15'		
				Consumption	4.04 gal/hr or 15.3 L/hr		
				Heat Rise	130° F	54° C	
				Static Pressure	2.4"		
				Flue Connection	8"		
				Caster Type	6" Nylon		
				Dimensions - Width	32"	81 cm	
				Dimensions - Depth	94"	239 cm	
				Dimensions - Height	62"	158 cm	
				Weight (fuel in separate tank)	1314 lbs	596 kg	
ELECTRICAL							
Voltage	240	208					
Phase	Single	Three					
Breaker Size	30 Amps	30 Amps					
Current Draw	18 Amps	13 Amps					
Plug (NEMA)	L6-30	L15-30					
Power Cord Length	10'	10'					
Power Cord Wire Size (Cabtire)	10/3	10/4					

ROLL IN

Equipped with forklift pockets in addition to wheels, locating these units is a breeze.

PLUG IN

Flexible ducting allows warm air to be delivered where it is needed most.

TURN ON

Operated by either this simple selector switch or a remote thermostat, control could not be any easier.

We also rent industrial and portable air conditioning units, fans, and air movers.
